## 2009 Mulberry Mixed Use San Antonio, Texas

### **Project Description**

This mixed-use project is located in San Antonio's Monte Vista Historical Neighborhood. Because Monte Vista is a historic district, ClaytonLevyLittle is working closely with neighborhood leaders to ensure the project receives the required approval. The site and proposed building are currently being master planned and designed to include office, retail and restaurant space. The LEED-certified project will serve as an anchor and landmark for Trinity University and offer views of downtown San Antonio.
